

WHICH STERILEX POWDER DO I NEED?

Choose **ProvaStride** if:

- Facility wants to reduce water usage
- Corporate is adopting global sanitation standards
- Facility produces quat-sensitive products
- Facility has quat wastewater restrictions
- I need a premium, quat-free powder product for any other reason

Choose **Sterilex Ultra Step** if:

- Facility wants to reduce water usage
- Corporate is NOT adopting global sanitation standards
- Facility does NOT produce quat-sensitive products
- Facility does NOT have quat wastewater restrictions
- I need a powder option and am not opposed to using quats
