EPA Reg. No. #59682-1-63761

BENEFITS

Easy and Safe to Use

- o Easy to use: set-and-forget
- o Slim, flexible design
- o Long lasting, slow-release polymer technology
- o Not regulated for transport

Enhances Sanitation Programs

- o Proprietary biocide formulation
- o Keeps overhead drip pans clear and clean for up to 3 months between Sterilex Ultra Disinfectant Cleaner Solution 1 and Ultra Soft Metal Activator biofilm removal treatments.
- o Keeps lines free from clogs
- o Keeps drains free from clogs
- o Maintains drain surfaces between biofilm removal treatments with Sterilex Ultra Disinfectant Cleaner Solution 1 and Sterilex Ultra Activator Solution
- o Saves labor by reducing drain cleaning frequency

PRODUCT OVERVIEW

ProvaGrate™ is an EPA-registered, time-release biocide effective against the growth of fungi, mildew, slime, algae, and odor-causing bacteria. ProvaGrate's long-lasting, slow-release polymer technology is available as both a drain ring and as a solid block for drip pan applications or trench drains. ProvaGrate may help keep equipment and drains free flowing between biofilm removal treatments and extends the maintenance interval needed between cleaning and disinfection events. For biofilm removal, please ask about our Sterilex programs.

APPLICATIONS

- o Drains
- o Overhead air unit drip pans
- o Freezer drip/condensate areas
- o Cooling tunnel drip pans

COMPATIBILITY

Compatibility test for ProvaGrate on common materials.

| Material | Compatibility | Material | Compatibility |
|-----------------|------------------------------|---|----------------|
| Aluminum 1100 | Compatible | Epoxy Concrete Coating (Tuffcrete or Similar) | Compatible |
| Aluminum 3003 | Semi-Compatible ¹ | Dairy Brick | Compatible |
| Aluminum 5052 | Compatible | Carbon Steel | Compatible |
| Aluminum 6061 | Compatible | Stainless 304 | Compatible |
| Aluminum 7075 | Semi-Compatible ¹ | Stainless 316 | Compatible |
| Sealed Concrete | Compatible | Unsealed Concrete | Non-Compatible |

¹Staining, Minor Corrosion, Color Change

AUTHORIZATION

This product is registered as an antimicrobial product and can be used on non-food contact surfaces under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA) by the Office of Pesticide Programs, United States Environmental Protection Agency (EPA). The products can be used in USDA and FDA inspected facilities, industrial plants and animal care facilities when used according to label direction.

DIRECTIONS FOR USE

Refer to label for full directions for use.

In drains

Utilize Sterilex Ultra Disinfectant Cleaner Solution 1 and Sterilex Ultra Activator Solution to clean, disinfect and remove as much biofilm and organic matter as possible. When drain is clean, place ProvaGrate ring in drain trap, so that flowing water will contact ring.

In HVAC drip pans, refrigerators, coolers, etc.

Clean and disinfect unit or drip pan according to manufacturer's recommendations, removing as much biofilm and organic matter as possible with Sterilex Ultra Disinfectant Cleaner Solution 1 and Ultra Soft Metal Activator. Place ProvaGrate block in drip pan near drain line, ensuring product will contact liquid in the drip pan.

STORAGE

See product label and SDS (Safety Data Sheet) for full storage, disposal and safety information.

Sterilex products are available from sanitation chemical providers. Please contact us for more information.
